

Rally Against The Vampire

Stand Up For Wisconsin Workers!

**Don't let OpenGate Capital, a
Vampire Private Equity Firm, shut
down another Wisconsin company!**

This is the same company that closed **Golden Guernsey**. And **Hamilton Scientific**. And **PennySaver**. And **Fusion Paperboard**.

OpenGate's current target is Janesville's **HUFCOR**, the world's premier folding partition manufacturer. HUFCOR is already operating factories in China, Hong Kong, Germany, and Australia. **Now, this Vampire Firm plans to ship our Wisconsin jobs to Mexico.**
